**Daumantu**<sup>®</sup>

**Daumantai LT** is one of the most modern and largest condiment production companies in the Baltic region. The company is valued for product quality, innovation, transparency, international cooperation and active community activities. Today, the company produces more than 100 different names of mayonnaise, sauces, ketchup, spice mixes and other products.

In Lithuania, Daumantu products have strong positions in their categories. "Traditional" tomato sauce has won the title of "Most Popular Product" winner nine times. In 2018, when the country was commemorating the centenary of the state, UAB Daumantai LT was declared the winner in the special nomination "For a sustainable business/100-year company" established by the Kaunas Chamber of Commerce, Industry and Crafts.

Annually growing export volumes actively open the markets of Scandinavia, Germany, France, and the Middle East for the company. The products of the ecological line produced in Lithuania are the strongest competitors abroad.

Organic ketchup sold on the Swedish market has been recognized as the best organic ketchup by Coop buyers.
